Re: OREC-94-057

Dear Ms. Jones,

The City of Elgin wishes to redirect the remaining funds in our Industrial Park Development Grant, or to close out the grant. It is not feasible to proceed with the original project. Boise Cascade is not willing to include their property in an industrial park development at this time. Without their participation, all other available industrial lands are marginal at best and for the most part depend on the development of the Boise Cascade property.

We have made requests in this regard to Judy Wing, in La Grande, but have not received any response; please refer to the enclosed copies of correspondence. It is our desire to move this matter forward as quickly as possible.

Thank you.

Sincerely,

Joe Garlitz
